cricbuzz → An Application for Cricket Matches that provides fast, reliable and accurate cricket matches updates of live cricket news.

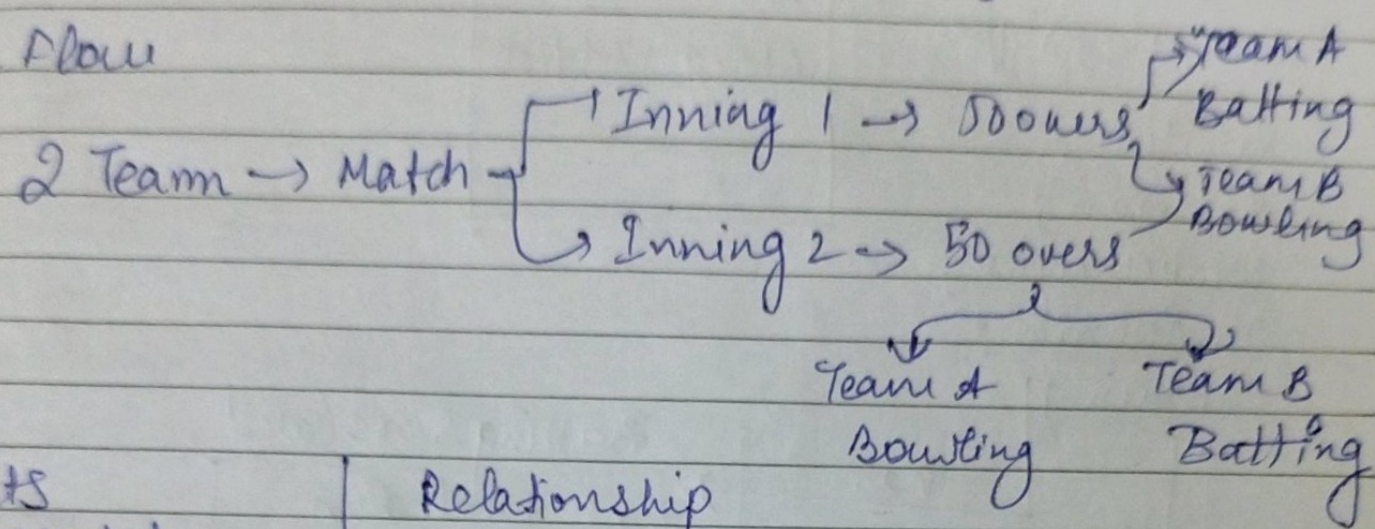

1. Requirement Gathering

Team A		Innings	97-8 (20 overs)					
			R	B	4's	6's	SR	
Batsman	TA_P1							
	TA_P2							
	TA_P3	Not out						
	TA_P4	Not out						
	TA_P5	Not out						
Bowler	TA_P6		O	M	R	W	NB	WB, Eco
	TA_P7							
	TA_P8							

Similarly we have the above table for Team B

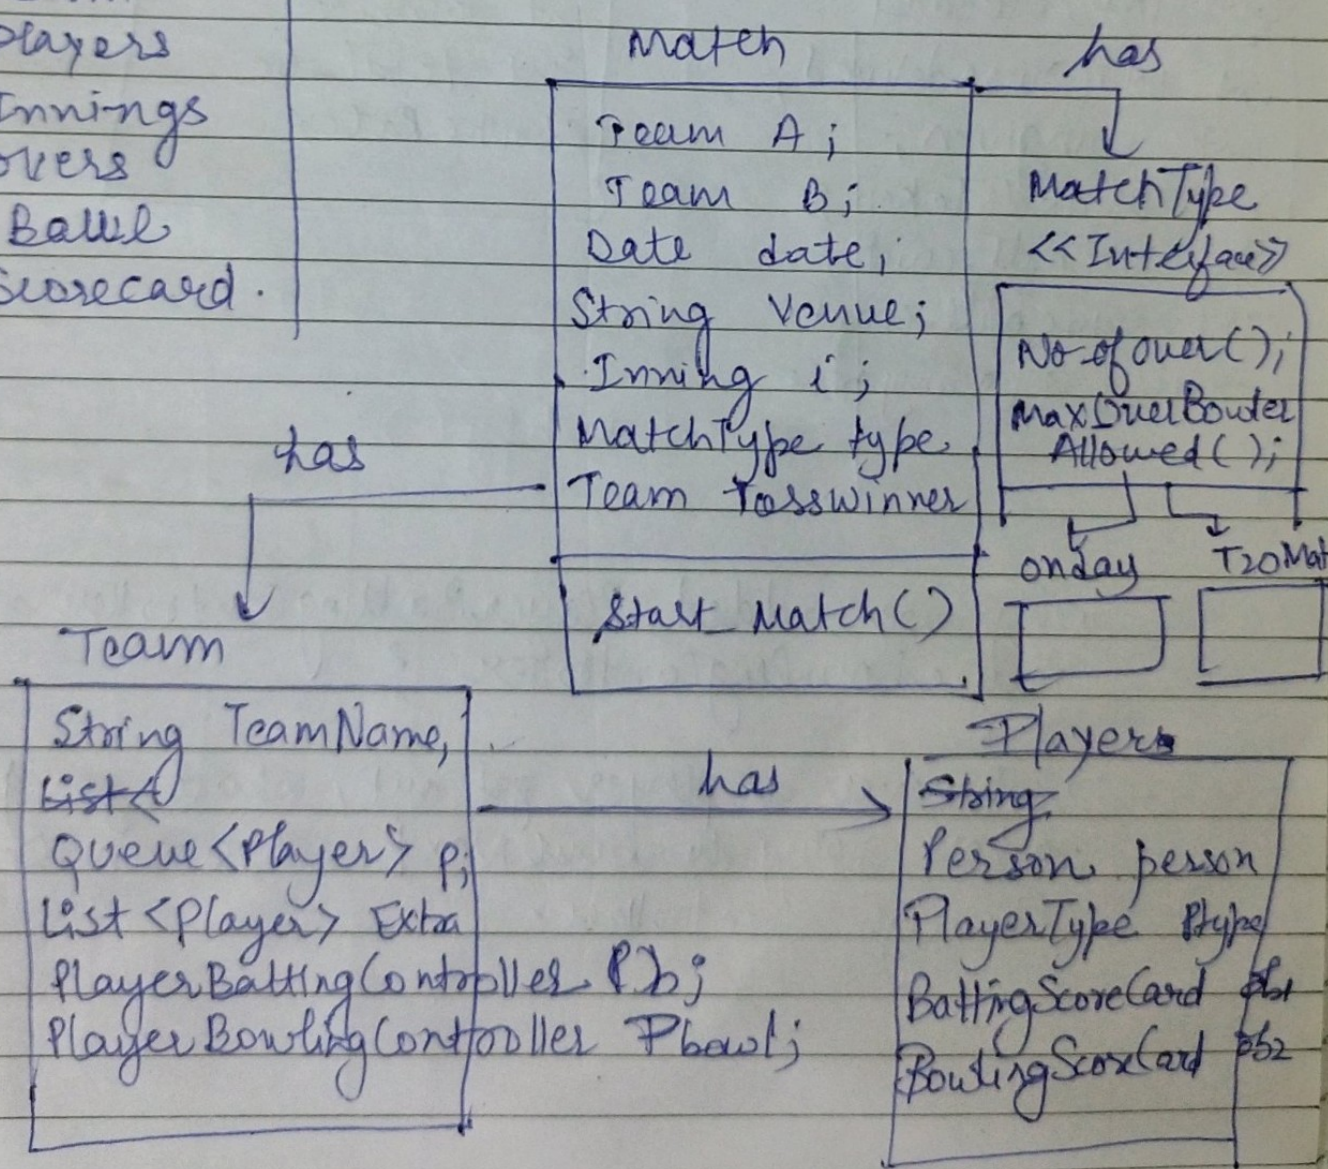

Rough Flow

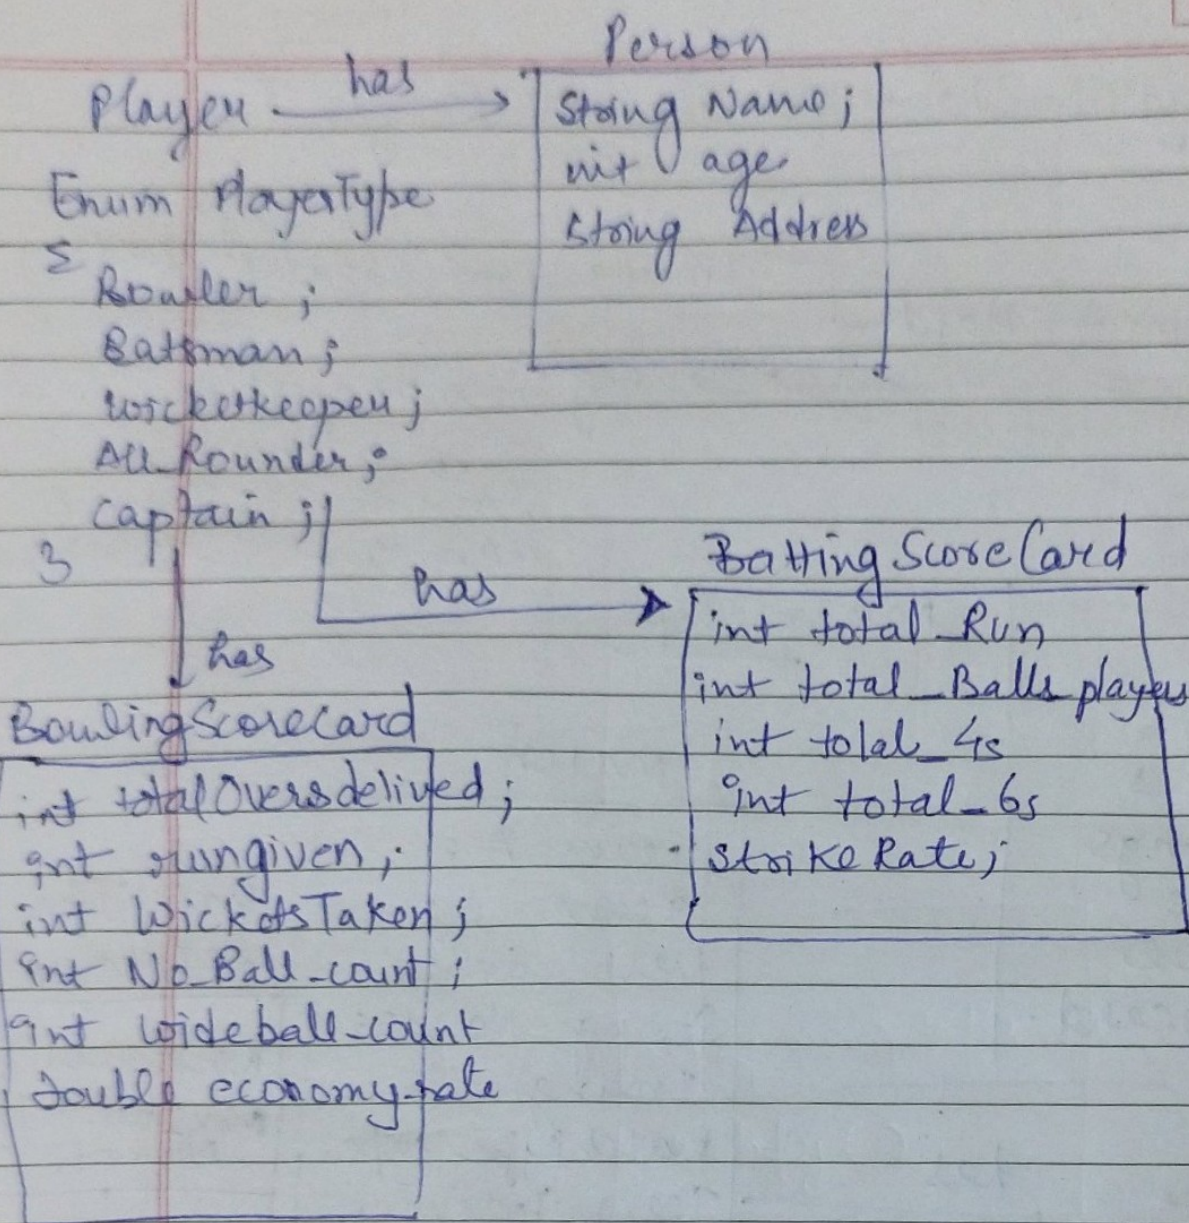

Objects

- Match
- Team
- Players
- Innings
- overs
- Ball
- Scorecard.

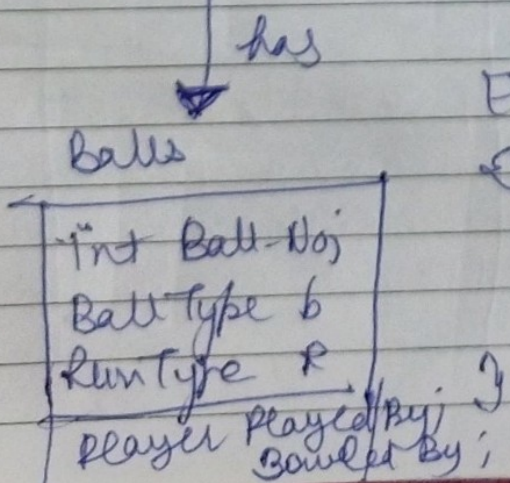

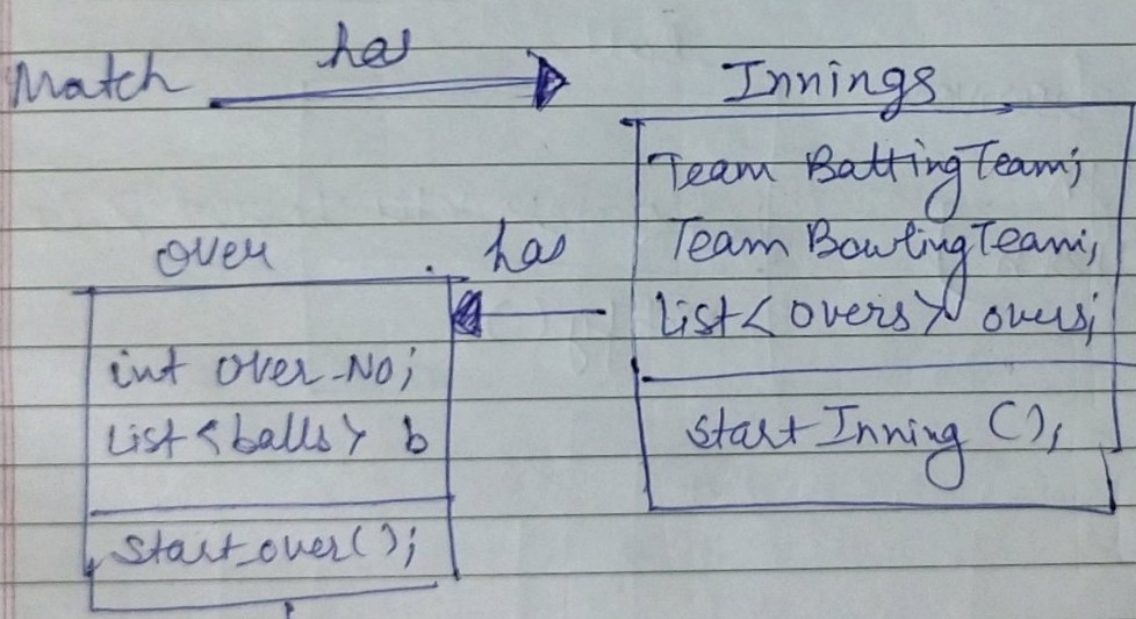

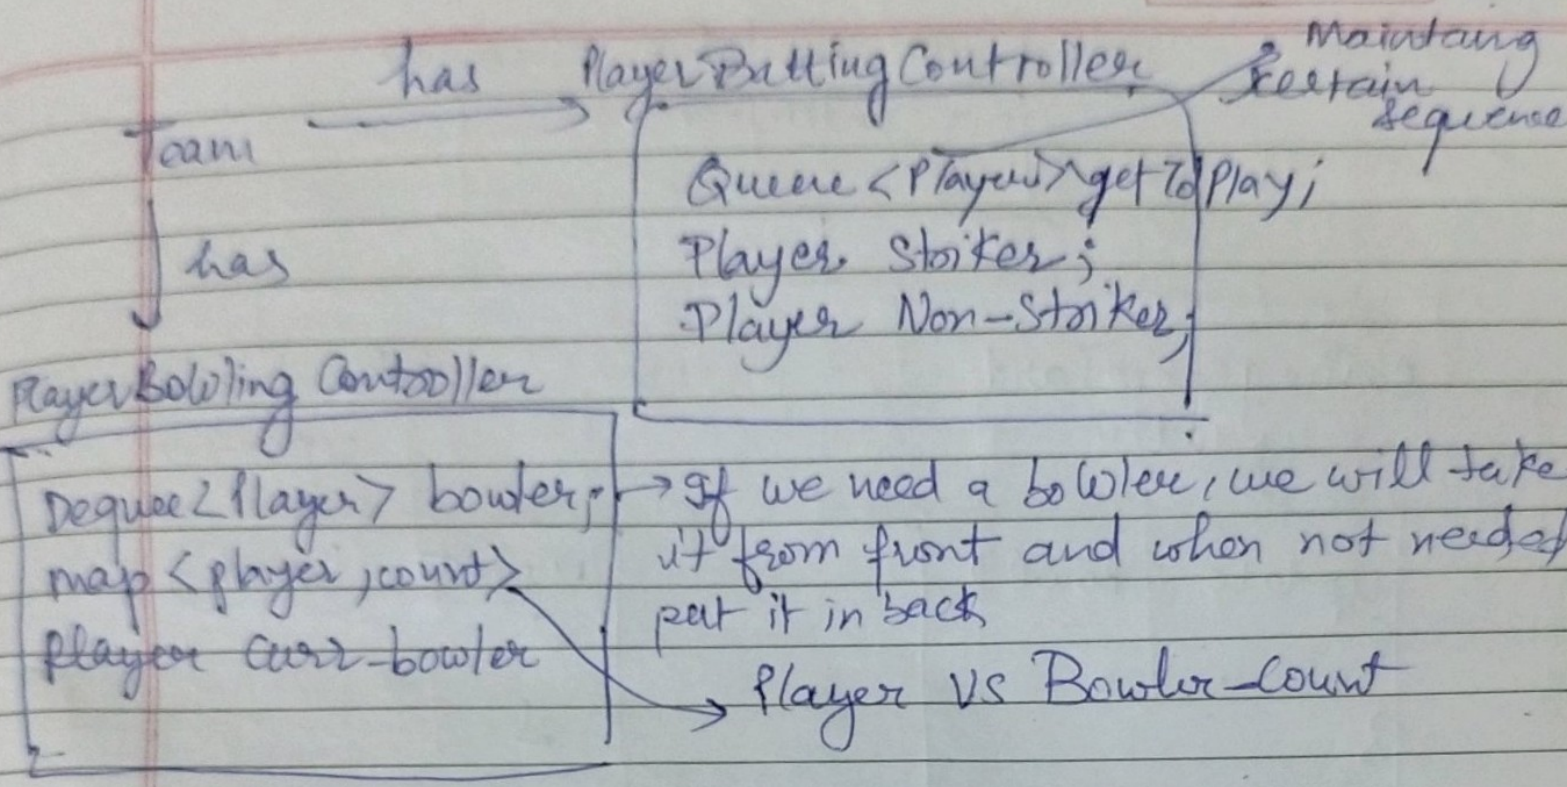

Relationship

Why we added PlayerBattingController and PlayerbowlingController ?

→ whenever a player got out, whose going to bat next, whose going to bowl next. This can be handle through Controller.

Enum BallType

- Normal;
- No-Ball;
- Wide Ball;

Enum RunType

- ONE;
- TWO;
- FOUR;
- SIX;
- wide run
